SUBJECT.

Re- Sites for the Construction of Police Lines in Bijnor and Mysore Cities.

WD 01965—GPB—15,000—7-7-34

Dr. Abdul Aziz
22. 6. 35
11—5

69. The Inspector General of Police has no objection to hand over the site in question on the Mysore Road to the Agricultural Department for building the Veterinary Department. But he wants that the Police Department should be compensated by the grant of another site. His idea was to build huts for 49 constables of the District Police Office, the Central, Kengeri Gate, Chamarajpet, stations. His suggestion now is that in lieu of the Mysore Road site, the Department may be given a site shown in plate III which is situated on the Bull Temple Road. He states that this will be sufficient to built huts for the constables of the above stations and some officers. It is stated that this site is Government land and is available.

70. The Inspector General of Police further proposes that available sites in other parts of the City should be handed over to the Department and reserved for putting up buildings for housing police subordinates and that this is absolutely necessary. He urgesthat a definite programme of construction be drawn up and that the question of obtaining sites for all the necessary buildings of the Department be taken up and decided now, as otherwise the sites that are convenient and available now may be used up for other purposes. With this object he proposes that the following sites be got for the Department.-

(1) Old Sowar Lines.

(2) Land near police training school. This is in the possession of the Department and will be needed for the Reserve Police.

(3) Site on Bull Temple Road (Plate III). This is the one the Inspector General of Police wants in lieu of the site to be made over for the Veterinary Hospital.

(4) Site on Kankanhalli Road (Plot IV)

(5) Site near the Mechanical Engineering School Fort (Plot I)

(6) Site near Lal-Bagh Road (Plot V)

(7) If 4, 5 and 6 are not available, then the site on Narasimharaja Road is suggested (Plot II)

Sites 1 to 4 belong to Government. Site 5 belongs to Municipality. Site 6 is private property. It is not stated to whom site 7 belongs.

4) 72. As regards the Government sites, they may be reserved for the Police Department if not needed specially for other purposes. The acquisition of other sites is a question of funds.

5) 73. The Inspector General of Police may be written to hand-over the site on the Mysore Road for the Veterinary Hospital. The Department may be granted in lieu thereof one of the Government sites suggested.

Chief Secretary) Intd. C. S.
23-9-1932.

6) 74. Sites 3 and 4 are said to belong to Government but I doubt whether this statement is correct. It has to be verified by reference to the Municipal Commissioner.

ull Temple Road.
ankanhalli Road.

7) 75. Site No.7 (Narasimharaja Road) does not appear to be suitable. Police lines built on this site would hardly be in keeping with the surroundings. Part of this site, I belie belongs to the Municipality.

8) 76. Site No.5 (near the Mechanical Engineering School) is said to be municipal property and site No.6 (behind the Gold Thread factory) belongs to a private owner.

9) 77. Pending further enquiry, which may be made in consultation with the Municipal Commissioner, as to the availability of the several sites and the cost of their acquisition, orders are necessary as to whether the site on the Mysore road

should be given over to the Agricultural Department for the construction of a Veterinary Hospital.

10) 78. It does not appear that the use of this site for the hospital will cause any serious inconvenience to the Police.

To The Municipal Comm. thro the President, City Mcply Bangalore city

Letter no P 2651 dated 8.11.32 forwarding the sketches of the sites proposed by the D.C.P. of Police for acquisition for the purpose of constructing Police lines in Bangalore city and requesting his opinion as to the suitability of the sites for the purpose in view as also the information as to the cost & availability of the sites.

Secs A 9/11/32

31) Extract of Para 107 of the file C.V. 81-27 containing the opinion of the Dr. of Public Instruction regarding the proposed transfer of the old Sawar lines (now occupied by Sri Narasimha Raja Hostel for the benefit of Karnatakas) is put up in the file for consideration along with the question of acquiring the three sites in Bangalore city when a reply from the Mcpl Comm. Bangalore city is received as ordered in the file C.V. 81-27.

File returned to Dept B. 28/11/32

Secs A 28/11/32

28/11/32

Serial No.

From

The Municipal Commissioner, thro the President Bangalore City Municipality.

Letter no. G.T. 312 dated 16.5.32 forwarding a copy of the memo from the Municipal Engineer explaining the suitability or otherwise of the Sites proposed by the D.C. of Police for Police buildings in Bangalore city.

2a) The Municipal Engineer is of opinion that out of the five sites suggested by the D. C. of Police, only the site shown in plate 5. (vide para 7 of the D. C. of Police letter) belonging to a private party, Nazaradeen Gardens behind the Lal-Bagh is suitable & available for the construction of Police lines. The other sites are not suitable for the purpose nor are they available.

The site available, 5th, Nazaradeen's Gardens is proposed for housing accommodation of the men & officers attached to the Ulsoor & Yelahanka Cross Police Stations, both of which stations are proposed to be located in one building.

The cost of the acquisition of this site is estimated to be Rs 9,700/-, which seems to be rather big for the purpose. The question of acquiring this site & of taking the construction of buildings on it further depends upon the provision to be made for the Police buildings in the coming year's budget which seems to be not yet quite settled in so far the provision for Civil buildings - Civil Works, 2nd P. W. D. is concerned.

NOTE—Contn. Sheet.

WD 0246 -GPB—15,000—22-8-32

The Chief Engineer reports in the other file that a provision of Rs 1 Lakh as ordered by Govt has been included in the P. W. D budget but so far no definite information as to the exact provision made in this behalf has been furnished by the financial Secretary.

only Rs 50000 seems to have been provided

Pending decision on the P. W. D budget, the Memo of the Municipal Engineer may perhaps be forwarded to the I. G of Police for information & for further suggestions, if any, in this proposal.

As regards the transfer of the old Sowar lines (now occupied by Sri Narasimharaja Hostel) the Director of Public Instruction who was consulted in the matter, is of opinion that it is not desirable to transfer the buildings to the Police Dept as there is a proposal to shift the Mechanical Engineering School to the building from Fort & House the hostel in the present mechanical Engineering School buildings.

Utilising the Sowar lines for Police lines would be more appropriate since the design & comfort of the lines would well fit in with the living of police officers & men rather than a mechanical School. But this would only be possible if another

Copy K

Sites for Police buildings in Bangalore City

Serial No.

building is made available for either the Mechanical Engineering School or Sri Narasimha Raja Hostel

The Director of Public Instruction may also be addressed on the above point if approved.

Submitted for order

19/5/33 Acquisition of sites at a heavy cost does not appear possible, especially when the provision for buildings has had to be limited.

19.5.33.

(1) out of the five sites proposed by the D.G.P. for building lines for the Police, only one is stated to be suitable & available according to the Municipal Commissioner. This is the one behind the Lal Bag Road. This is private land & the cost of acquisition according to the Commissioner will be Rs 9,700. The provision in the next years' budget for Police buildings seems to be Rs 50000. This for consideration if a site has to be acquired at such a cost. This is the Municipal Engineer's estimate of the actual cost of acquisition only not of the other.

The Director of Public Instruction is not agreeable to hand over the old Sowcar bungalow (Narasimharaja Hostel) to the Police Dept.

Chief Secretary) 35) Please see correspondence regarding the removal of the Mechanical Engineering School and ask for his suggestions.

The D. G. of Police

Letter no P62 89(2) dated 5/6·6·33 forwarding a copy together with enclosure of letter no G. T. 3, 4 dated 16·5·33 from the Municipal Commr Bangalore city for furnishing further suggestions on the matter.

8/6/33

From

The D. G. of Police

Letter no G. C. 74/32-33 dated 9·6·33 stating that the objections raised by the Municipal Engineer as to the sites being made use of for the construction of Police buildings are unsustainable in that he assumes that the Police officers should not reside near big bungalows or that preference be given to School buildings etc & that if his opinion is right Police officers cannot have housing accommodation near the place where they are employed and that it is necessary for them to live near the Station where they are employed

Serial No.

and requesting that at least the Sites no. 2, 3, 5 may be made over to the Police dept & that the site in the Mysore road handed over to the Veterinary dept. may also be transferred to the Police dept since there is no immediate prospect of a building being constructed by that dept.

38) The idea of the D. C. of Police is that the Police Officers should reside in places near the Stations where they are employed & to that extent it is necessary to have police lines & quarters in the several localities of the city even as the Stations are existing ~~now~~ in these localities.

39) The reasons adduced by the D. C. of Police seem to be convincing & if the Police men & officers live near the respective Stations it will be conducive to their assembling with a short notice in case of emergency & their local knowledge of the people & crime in the place which they will have ample opportunity to acquire, will doubtless redound to the public safety. ~~Moreover~~ Building Police lines exclusively in one part of the city will frustrate, to a certain extent, the object of the Police force in case of emergency as the force may not be in touch with the events of the several localities in which they are employed, as it will involve naturally more time for their gathering.

Section 96 (rule) of Police manual Vol I

14 Sites for Police buildings in Bangalore city 3433

P & R File No. 100 of 1932 | General and Revenue Secretariat

Since a even distribution of Police lines in the several parts of the city will be more conducive to the Public safety, than which the Municipality cannot ignore altogether, the municipality should all the more be eager to release such of their sites in the several places as are available, for the construction of Police buildings.

40) The municipality may therefore be perhaps be requested to release the site No. 2 & acquire & make over the site nos 3 & 5 to the Police Dept., the cost being met from the grant of Rs 50000 made in the Coast years' budget for ~~the~~ Police buildings.

41) The question of returning the site in the Mysore Road to the Police Dept may not perhaps be taken up so soon as ~~as~~ since it is necessary to allow the Veterinary Dept. some more time.

42) Submitted for orders if the Md. Comm. may again be addressed in the matter.

If any other site, as asked for by the Dy. Supdt. of Police and if so which, is the subject matter of correspondence in Dept is for consideration and orders.

General and Revenue Secretariat | File No. | of 193 . | [App. F. III—2

Serial No.

43) The Municipal Commissioner has raised objections to every one of the sites proposed by the D.G.P except that in plate no. 5 i.e the one behind Lalbagh Road. It is a private site & its acquisition will cost about Rs 9700.

44) The D.G.P controverts these objections & takes the police point of view viz that police buildings are more necessary than school buildings or living space or sites for bungalows.

Sites 1 to 4 do not seem to be suitable for police huts for the reasons stated in the note of the Municipal Engineer.

45) The D.G.P suggests that the site on the Mysore Road transferred to the Agricultural Dept may be returned to the Police dept as no Veterinary Hospital has been put up thereon. This does not appear to be possible.

46) The Municipal Commissioner may be asked to point out suitable sites.

Chief Secretary)

47) For the present it will appear enough if the sites shown in plots 1 to 4 & 5 are given to the Police. The question of giving a site may be considered after the lay out of this area is decided.

File No. of 193 . General and Revenue Secretariat

48) I am in general agreement with the views expressed by the P.S. The suggestion that sites near "decent" residential areas are not suitable for public uses is absurd.
What we have to do is to decide on the sites required & then take steps to acquire them, whether from the Govt or from private owners.

49) Before dealing with this finally I should like to know the position regarding the starting of construction of the Hospital on the site handed over by the Public Works Department. Is there any likelihood of this project materialising in the near future?

Subject brought up at the meeting with the D. Dewan. 6.3.'37

2. Sites for Police lines in Bangalore and Mysore Cities.

The Inspector General of Police suggested 5 sites for the construction of police lines in Bangalore City. Suitability of * 2 of them has been approved by Government and the Municipal Commissioner has been asked to take action for the acquisition of the sites.

* 1. Site on Kankananalli Road.

2. Nazeeruddeen garden behind Lal Bagh.

As regards the construction of police lines in Mysore City the Inspector General of Police has reported that the District Superintendent of Police has been asked to select some sites.

For the lines in Davangere the Inspector General of Police has suggested two sites. The Deputy Commissioner has been consulted as to the suitability of the sites for the purpose.

F

In continuation of my letter No.G.C.74/32-33 dated the 2nd instant and with reference to my conversation with the Dewan regarding the subject matter of this letter, I have the honour to state that I have inspected various sites which are vacant and appear to be available for building purposes in different parts of the City with a view to their acquirement for the use of this Department and so that it may be possible to hand over the site now in its possession which has been chosen for the erection of a Veterinary Hospital.

2. To deal with the Old Sowar Lines first; the number of huts existing on this spot is sufficient for the housing of the constables whose work requires that they should reside in that neighbourhood. The vacant space may well be utilised for the construction of quarters for the remainder of the staff who are now without accommodation. So far as this portion of the City is concerned there is either accommodation available or a site sufficient for the construction of such further housing as may be required. It is in other portions of the City that the question of sites and the lack of accommodation is a pressing matter.

3. The number of huts available for the use of the City Police in the neighbourhood of the Provincial Training School is

is 64. There is also hutting for the Provincial Reserve Police further along the Mysore Road and some land in the possession of this Department remains vacant and will be needed by the Reserve Police for the erection of the quarters they requir in excess of those already provided. Between these two sets of lines lies the site it was proposed should be handed over to the Veterinary Department. The land available would provide quarters for 125 constables. That site should it remain with the Police would be used for the construction of huts for 49 constables allotted to the District Police Office, the Central, Kengeri Gate and Chamarajpet Stations, who need quarters as wel for so many of the subordinate officers who are without houses. If this site, therefore, is to be taken away from the Police Department it will be necessary to find a site of the same or larger dimensions somewhere in the same neighbourhood for the housing of the Police.

4. I enclose sketches of several sites that have been selected for the purposes of this Department. The first to which I would draw attention is marked Plate 3. The site indicated is not far from the Central Police Station and would suffice to house the 49 constables of the Stations mentioned above as well as, at least some of the subordinate officers. It is, I understand Government land and thus available for handing over to the Police Department.

5. Assuming that the site in Plate 3 is allotted for the provision of huts for the men of the Stations named, it remains to provide sites for the staffs of the other stations in the southern portions of the City. For the purposes of Basavangudi Station a site is available in the extreme south of the City. This is shown in Plate 4. The amount of land available is adequate for the construction of quarters for the entire staff of the Station as well as for the erection of the Station should it be desired to move that building from its present location. This site also is Government property.

6. There remain the Kalasipalaya, Ulsoor Gate and Yelahanka Gate Stations to deal with. As regards the first named of these Stations the site marked in Plate 1 would be suitable and would allow of the erection of quarters for the entire staff inclusive of the Traffic Staff attached to the Station. The land in this case belongs to the Municipality and has been set apart for the construction of private quarters but has not been taken up for that purpose. It may well be allotted to the Police.

7. As regards the Ulsoor Gate Station with which the needs of Yelahanka Gate Station may also be considered since it is proposed to combine the two stations into one, there is a private site shown in Plate 5 which might be acquired.

8. In the event of the sites selected for these last three stations not being available, another site has been chosen, it is shown in Plate 2. It fronts on to the Narasimharaja Road and adjoins the Whitelead Factory. Its area is sufficient for the construction of huts for the staff of the Ulsoor Gate and Yelahanka Gate Stations combined but would not accommodate the Kalasipalaya Station staff in addition.

9. Should it be decided to hand over the vacant site on the Mysore Road to the Veterinary Department, I would request that the Police Department be compensated by the allotment to it of the site shown in Plate 3. I would also urge that as the matter of providing quarters for the Police is urgent and as it is necessary to build those quarters in the neighbourhood of the Stations to which the men are attached and since sites now available are likely to be lost if the opportunity offered of getting them at the moment is not seized upon, that the question of obtaining sites for the erection of all the buildings need for the Department be taken up and decided now. I would further urge that a definite programme of construction

be drawn up and funds be allotted at least in next year's budget for the construction annually of a certain proportion of the buildings required so that the constabulary at any rate may have quarters to live in, in proximity to the Stations in which they serve and be relieved of the expense of renting huts or rooms at exhorbitant rates in many cases in villages outside the City limits.

I have the honour to be,

Sir,

Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

8/10

Sir,

I have the honour to enclose herewith a copy of letter No. C. 11 dated 5th October, 1932, from the Development Secretary regarding the handing over of a site on the Mysore Road in the possession of the Police Department for the Veterinary Hospital. The statement in that letter "that the use of this site for the Hospital will not cause any serious inconvenience to the Police Department" is incorrect; it will cause the greatest inconvenience unless another site is handed over to the Department.

I request that orders on my reference already made on the subject may kindly be expedited.

I have the honour to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

8/10

Immediate.

Secretary to the Government of H.H. the Maharaja of Mysore,
Development Departments.

To

F.A. Hamilton, Esq., C.I.E.,
Inspector-General of Police in Mysore,
Bangalore.

Sir,

With reference to the correspondence ending with your letter No. G.C. 74/32-33 dated the 19th September, 1932, regarding Police sites in Bangalore City, I am directed to state that Government consider that the site on the Mysore Road now in the possession of your Department would be the most suitable for the Veterinary Hospital and that the use of this site for the Hospital will not cause any serious inconvenience to the Police Department. I am accordingly to request you to be so good as to hand over the site in question to the Civil Veterinary Department immediately, as it is reported that the construction of the Hospital has to be commenced on Vijayadesami day (Sunday, 9th October, 1932) in accordance with the wishes of the gentleman who has come forward to build the main block and a cattle shed.

The other points of reference in your letter will receive attention in due course.

I have the honour to be,
Sir,
Your most obedient servant,

Sd. D. Srinivasa Iyengar,

Secretary to Government,
Development Department.

Opinion of the Director of Public Instruction dated 16-4-1932 in file No.C.V.81 of 1927 Re: transfer of the old Sowar lines to the Police Department.

****

* * *
* *

107. Returned with compliments. As pointed out above the entire grounds and the building have been made over (and recently) to the Department for the purpose of the Sri N.A.K.Hostel. There is also under consideration a proposal to remove the school of Mechanical Engineering to this locality and send the Hostel to the Fort. In the circumstances, the proposal to transfer the old sowar lines to the Police Department does not appear desirable.

BANGALORE CITY.

CHIEF SECRETARY
11 MAY 1933

To

R. Ranga Rao, Esq., B. A., B.L.,
Chief Secretary to the Govt. of Mysore,
Bangalore.

Sir,

With reference to your letter No.P.2651/Pol.100-32-4 dated 8th November 1932 forwarding five sketches showing the vacant sites proposed by the Inspector-General of Police for acquisition for the purpose ofconstructing quarters for the Police Officers and requesting me to intimate as to the availability of the sites &c., I have the honour to forward herewith a copy of the memo from the Municipal Engineer explaining their suitability or otherwise for the purpose they are proposed to be utilised, for the information of Government.

The sketches received with the letter under reply are herewith returned.

I have the honour to be,

Sir,

Your most obedient servant,

Municipal Commissioner.

Forwarded with compliments.

Honorary President.

Municipal Engineer's Memo. dated the 5th May 1933.

The fol ave been selected for constructing Police Lines by the Inspector General of Police as shown in the sketches marked as plates 1 to 5 enclosed herewith.

1. Plate 1.- Site near the Mechanical Engineering School. (Municipal site).

   This site is proposed for the construction of a Middle School for which a plan and estimate have been already sanctioned by the Government.

2. Plate 2.- Site north of Narasimharaja Road(Municipal site).

   This is a decent place: many shops have sprung up in front,and the Town Hall is also proposed to be constructed in front of this site. This place is proposed to be reserved as Lung Space and Playground. Hence this is not available for Police Lines.

3. Plate 3.- Site in Basaveswara Temple Road(Private Land). The whole of this property is proposed to be acquired by the Municipality to form decent building sites.

4. Plate 4.- Site on Kankanhalli Road(East Road Ookad).- Major portion of this land belongs to the Municipality and a small triangular bit on the south is private land for which a valuation statement is herewith put up which amounts to Rs.89. This cannot be suggested as a suitable place for Police Lines as there are bungalow sites on the opposite side.

5. Plate 5.- Nazuraddeen Gardens behind Lalbagh Road(Private Land).

   This is a private land and is suitable for Police Lines The cost of acquisition comes to Rs.9,700.

   Except the land in plate 5, other lands are neither suitable nor available for Police Lines for the reasons noted above.

Offg. Chief Secretary to the
Government of Mysore,
BANGALORE.

DSP 12/6/33

SIR,

With reference to your letter No.P.6289(2) dated the 5/6th instant regarding proposed sites for Police Lines in Bangalore City and the remarks made by the Municipal Engineer on their suitability for this purposes, I should like first to comment on the reasons assigned for rejecting four out of the five sites selected. Generally, I may say, objection is made to the erection of Police Lines in any "decent" place or in the neighbourhood of shops, or near where bungalows have been or are to be constructed. Such objections would inhibit the construction of Police Lines anywhere in the neighbourhood of any city and relegate them to the open country where their purpose and utility would be destroyed.

To particularise - the objection in the case of the first site is that it has been chosen for the erection of a School. I would point out the Police buildings are more necessary to the safety and welfare of the City than any school can be.

In the case of the second site - beyond the fact that it is a "decent" place, I have to point out that the objection regarding a play ground and Lung Space being required in the neighbourhood is extravagant since several acres of lung space and playing grounds already exist in the neighbourhood in the shape of the Jubilee Park.

The third site, it is stated, is proposed to be acquired for building sites - why should not use be made of the site for the erection of Police buildings?

The fourth site is on the outskirts of the City and though there are some bungalows closeby, there cannot be the slightest

objection to its being handed over to the Police.

The fifth site is admitted to be suitable for Police Lines. This site will not, however, provide for all the hutting required for the City Police and other sites must be made available unless the Police are to be relegated to areas outside the City. To do this would be to depreciate their value and make it impossible to perform their duties satisfactorily. It is essential that the Police should have lines in the neighbourhood of the area in which they have to work. The sites selected by me are the only ones which are available and I cannot agree with the Municipal Engineer that they are not suited to this purpose. The reasons he assigns for this conclusion are demonstrably ill-founded and I request that Government will intervene before it is too late and direct that these sites be handed over to this Department at least in the cases of Nos. 2, 3 and 5.

In connection with this matter I have further to point out that a site which was in the possession of this Department has been alienated, namely, the site south of the Mysore Road which was handed over to the Veterinary Department. This was done on the understanding that other sites would be made available for the erection of Police buildings. Accordingly I selected the sites referred to in the Municipal Engineer's letter - particularly No.3 - to take the place of the site of which this Department was deprived and it is essential that one or other of these sites should be in the possession of this Department. I have also to mention that the site alienated in favour of the Veterinary Department was transferred on account of the plea put forward that unless this was done immediately, the funds said to be forthcoming for the construction of a Veterinary Hospital would be lost. That was almost months ago but up to date no construction has been attempted and, presumably, the funds alleged to have been offered have not materialised. Such being the case, and there being no immediate prospect of use being made of this site by the Veterinary Department the reason for the alienation does not exist. In these circumstances and having in view the objections put forward to

the acquisition of other sites for the erection of Police Lines, I request that this site be returned to this Department.

It seems necessary to point out that if building sites for the use of the Police are not now set apart they will cease to be available in any locality where they will be of use. I need scarcely refer to the poverty of the Department in respect of buildings and unless this matter, with which the matter of sites is intimately connected, is now taken in hand and the leeway lost in the past made good in the City of Bangalore, the matter will become past remedying.

I have the honour to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

Dear Sir Mirza Ismail,

M
8-11-33

When I heard at the Tea party yesterday of the proposal to build Police Lines opposite my bungalow, I thought at first that it was a joke, and laughed with the rest. But I now learn that there is actually a serious proposal to this effect; and I therefore hasten to make it clear how altogether obnoxious it would be, not only to myself but to all other gentlemen resident in the neighbourhood. The Bull Temple Road, which is one hundred feet in width, is one of the specially genteel and respectable localities in this part of the City. Officers and gentlemen of position and influence have invested large sums on spacious buildings and extensive gardens. The open ground in front of my residence is a particularly suitable site for the construction of half a dozen good-sized bungalows in keeping with the rest of the locality. To plant on such a site, in the midst of the residences of gentlemen, a block of policemen's barracks, would be simply an outrage and a scandal.

I feel quite sure that the idea (betraying as it does a lack of practical imagination and of consideration for the feelings of the residents) cannot, I feel sure, have your countenance or approval. And I trust that

this portion should be linked with the above note
Maybe abandoned when D.S.P. asked to select another site

OFFICE OF THE
INSPECTOR-GENERAL OF POLICE IN MYSORE,

Dated Bangalore, 24th April 1934.

DESPATCHED
26 APR. 1934

FROM

F. A. HAMILTON, ESQ., C.I.E.,
Inspector-General of Police in Mysore,
Bangalore.

TO

CHIEF SECR-
27 APR. 1934

R. Ranga Rao, Esqr., B.A., B.L.,
Chief Secretary to the Government of Mysore,
BANGALORE.

SIR,

With reference to your Memo. No. P..2282 dated 14/17th November 1933, asking for plans of proposed Police Lines in Bangalore city, I have the honor to forward herewith site plans of the two sites referred to in your letter of even date to the Municipal Commissioner, and also the plan of two blocks of 12 houses for Police Constables and one for Daffedar prepared by me a couple of years ago. The plan of houses is suitable but the number of huts may be increased or diminished as funds permit. The only modification I would suggest in it is that the width of each house may be increased from 10 to 12 feet.

2. For the present, I think that the site to the South East end of Basavangudi (Site No.4) may be tackled first and some 90 houses in six blocks constructed thereon with a Station and Quarters for two Sub Inspectors, 4 Daffedars and a Traffic Officer. To begin with, in the coming year, some two lines of about 25 to 30 houses may be constructed and the rest of the buildings in the course of the next 3 or 4 years. I understand that this site or a large part of it, is already Municipal property and there should be no difficulty in taking it over and starting work early next year, as perhaps there might be in the case of the other site on account of the delay in acquisition. This site will be able to afford houses for the Basavangudi and to some extent to Kalasipalyam Range Constables and also to the traffic men attached to these two stations.

I request that the Engineering Department may kindly be instructed to prepare a comprehensive scheme and estimates of work and take up -

take up construction of about 25 to 30 houses in the coming year.

I have the honor to be,

s i r,

your most obedient servant,

INSPECTOR GENERAL OF POLICE.

SIR,

Subject: Sites for the construction of Police Lines in Bangalore and Mysore Cities.

*****

With reference to your letter No.P.4290 dated 10/13-3-34 calling for proposals in the above matter, I have the honour to state that the questions of sites in Bangalore and Mysore are being dealt with separately.

As regards the sites for lines in Bangalore, kind attention is invited to the correspondence ending with your letter No.P.2281/Pol. 100-32 dated 14/17-11-33 to the address of the Municipal Commissioner, Bangalore City.

The plates of the two sites sent with your letter under reference to the Municipal Commissioner have been called back from him to help in the preparation of plans and the plans will, in due course, be submitted to Government.

As regards the selection of sites in Mysore City kind reference is invited to my letter No.G 2C.73/33-34 dated the 19th Febry.1934. When I was last in Mysore a few sites were selected by me. I am awaiting reports from the Dist.Superintendent of Police, Mysore District, in regard to these sites and a full report will be made in due course.

I have the honour to be,
Sir,
Your most obedient servant,

Inspector General of Police.

* Submitted for kind perusal.
Further Comm. may be awaited.

CHIEF SECRETARY 25 APR. 1935

To

The Chief Secretary to the Government of Mysore,
Bangalore.

SIR,

Construction of Police Lines in Bangalore City.

In continuation of this office D.O. letter No.1055 dated 14th March 1935, I have the honour to forward herewith a copy of letter No.Bc.168/34 dated 29th March 1935, together with the plan and estimate amounting to Rs.2,850/- for the above work, received from the Inspector-General of Police in Mysore, and to state that as funds for this work are not available this year, a sum of Rs.5,500/- for two units has been provided in the next year's Draft Budget and the work will be taken up if this provision is retained by Government.

2. In the meantime, the favour of sanction to the estimate for constructing two units at a cost of Rs.5,700/- is requested.

I have the honour to be,
Sir,
Your most obedient servant,

23/4/35.
Chief Engineer of Mysore.

T.R.S.

Letter No.Bc.168/34 dated the 29th March 1935, from the Inspector-General of Police in Mysore, to the Chief Engineer in Mysore.

I have the honour to return herewith, duly countersigned, the plan and estimate of a new type building of two units for --- Police Constables sent with your letter No.6601 dated 2nd March 35

Such buildings will be required in Bangalore for the City Police ,for the District Police (Bangalore Taluk Range staff) and some for the Provincial Reserve Police. About 120 units would be required spread out on the several sites approved by Government

I would suggest that as a beginning some 15 buildings be constructed for the Basavangudi staff for which land is a available at the South East corner of the Basavangudi Exte... If, however, funds are not available this year, one set of 2 u may be built as a sample on the same grounds.
